

ARE YOU SERIOUSLY SHOWING ME ANOTHER REVIEW SYSTEM? YES!

Because all the others are too expensive and missing the mark. When we realized we could bring a better product for less to market, we had to do it!

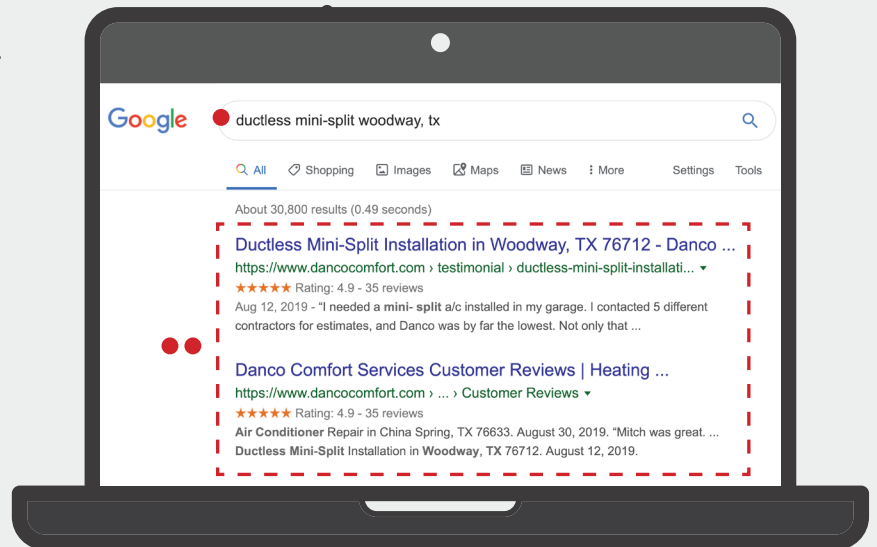

5 KEY BRAVO DIFFERENCES

1 FIRST-PARTY REVIEWS THAT BUILD AND IMPROVE WEBSITE SEARCH RESULTS!

If you want your website and internet presence to be the best it can be, you **MUST** have a proper first-party review system on your site that will create results like these.

Most other review systems don't address this.

- Local Keyword Search
- Top TWO results WITH star ratings from website showing—**the power of first-party reviews!**

4

NET PROMOTER SCORE (NPS)!

“How likely are you to recommend this company?”

A company’s NPS is the most widely accepted way to measure its relationships with its customers and how likely the company is to grow in the coming year.
