

# 2024 YORK<sup>®</sup> Residential Certification

M&A Supply is proud to be the first Independent distributor to feature a York Residential Certified Training Center. In our lab, you will find eight live residential systems ranging in efficiency, tonnage, and system type.

Each certification is a week long and will cover air conditioners, heat pumps, and gas furnaces. A test will be administered at the end of the training. A passing grade will complete the certification process.

*January, 15th-19th, 2024*

*February, 5th-9th, 2024*

*March, 11th-15th, 2024*

*April, 8th-12th, 2024*

*Monday through Friday 8AM - 4:30pm*
